Arlington, TX | lillygracestudy@gmail.com | [Lilly Grace Kokkiligadda](#) | +1(682) 414-5216

PROFESSIONAL SUMMARY

Data-driven Business Strategy & Analytics professional with hands-on consulting experience delivering market research, financial analysis, and executive-level reporting for Fortune 500 clients. Skilled in SQL, R, and Power BI, with a demonstrated ability to lead cross-functional teams, manage project timelines, and translate complex data into clear, actionable go-to-market recommendations for senior leadership. Pursuing an MS in Business Analytics at UT Arlington.

PROFESSIONAL EXPERIENCE

People First Consulting Group – Client: Mercer (Marsh McLennan) | Dallas, TX

Jan 2026 – May 2026

Team Lead, Consulting Intern (Full-Semester Engagement)

- Led a semester-long market expansion engagement for Fortune 500 client Mercer as team lead, coordinating project deadlines and delivering on-time weekly status updates to the client throughout the engagement
- Traveled on-site to the client's office on alternating weeks to meet stakeholders in person, gather requirements, and present interim findings directly to the client team
- Conducted PEST and SWOT analysis across 5 prospective markets, building data models in R and Power BI to quantify performance (Strengths 3.68/5, Opportunities 3.50/5, Weaknesses 3.32/5)
- Built a weighted Strategic Selection Framework (Cost, Feasibility, Competition, Strategic Impact) to rank 5 city markets, identifying San Antonio (4.45) and Little Rock (#1) as top-priority entry points
- Presented final findings and recommendations to the client's Board of Directors, driving a 40% increase in stakeholder engagement and clarifying the client's highest-growth regions alongside key risk areas for leadership follow-up

TECHNICAL SKILLS

Analytics & Data: R, Python, Advanced SQL, Excel, Power BI, Tableau, Data Cleaning, Exploratory Data Analysis

Business & Strategy: SWOT/PEST Analysis, Market & Competitive Research, KPI Definition, ROI Analysis, Strategic Frameworks

: AWS, Cloud Computing, Canva, DBMS, HTML/CSS, React.js — Cross-Functional Team Leadership, Stakeholder Communication, Executive Reporting

EDUCATION

The University of Texas at Arlington | Arlington, TX

Jan 2025 – Dec 2026

Master of Science in Business Analytics — GPA 3.6

- Relevant Coursework: Measurement & Analysis for Business Decision Making, Data Warehousing & Business Intelligence, Data Mining, Business Statistics, Organizational Consulting & Research

Shri Vishnu Engineering College for Women | Bhimavaram, India

2020 – 2024

Bachelor of Technology in Information Technology — GPA 3.5

RELEVANT PROJECTS

Best Car Evaluation – Data & Insight Project | Python, SQL, Machine Learning India, Summer 2024

- Analyzed 3 unstructured datasets using Python and SQL to identify key factors influencing customer purchase decisions
- Delivered data-driven insights that informed prioritization and evaluation for 20% of purchasing decisions

Entrepreneurial Innovation Challenge – “Foldable Legs” Device India, Jan 2021

Team Lead (Team of 4) | National Innovation Competition – 4 Rounds

- Led a 4-person team through a 4-round national innovation competition, uniting the group around “Foldable Legs” – a waist-worn belt with push-button mechanical leg supports designed to relieve venous strain from varicose veins
- Guided the team through open ideation, patent research, feasibility checks, and PPT/Excel-based financial justification across all four rounds, winning 1st Place by pairing technical innovation with a strong business case

ACHIEVEMENTS

- 1st Place – Entrepreneurial Innovation Challenge, “Foldable Legs” Wearable Device (Jan 2021): Strengthened team management skills and the ability to adapt to and integrate diverse ideas while leading a 4-person team under competitive pressure
- 12-Hour Datathon, Institution Innovation Council: Deepened hands-on fluency in ML frameworks, SQL, and Python; learned to connect them efficiently to surface outstanding, decision-ready findings under a tight deadline; won 5th place.

LEADERSHIP & VOLUNTEERING

- Led cross-functional teams of up to 4 members across consulting and innovation projects, aligning diverse perspectives into unified strategies while keeping deadlines and deliverables on track
- Volunteer Tutor – Taught academic subjects to children, breaking down difficult concepts into simple, relatable lessons that built their confidence and curiosity to learn
- Community Volunteer – Supported elderly community members with everyday assistance and companionship, bringing patience and care that made a meaningful difference in their day-to-day lives

CERTIFICATIONS & TRAINING

Microsoft Azure Fundamentals (AZ-900) | Oracle Academy Database Foundations | Cisco Introduction to Cybersecurity | Google Cloud Platform (Udemy) | Simplilearn Data Science Certification.
